

ARGON 18 INTRODUCES THE GALLIUM PRO DISC 15TH ANNIVERSARY EDITION

15 YEARS OF INNOVATION, PACKED INTO ONE FRAME:

- 160g weight savings: on a disc frameset already light by industry standards
- New fork for DT Swiss type thru axle: corner-carving performance with industry-standard compatibility
- Direct-mount rear derailleurs: user-friendly, smooth shifting even at top speeds.
- 30mm tire clearance: comfort without compromise
- World Tour proven geometry: a race-ready fit suitable for all riders
- Limited Edition 15th Anniversary graphics: graphic elements from the original 2005 version combined with a unique paint job that will stand out in any group ride
- Argon 18's Optimal Balance System: lightweight, stiff performance with multi-stage comfort

GALLIUM PRO DISC

15TH ANNIVERSARY EDITION

In 2005, the Gallium Pro introduced a new way of thinking about pro-level carbon frames. We were convinced that one frame could be light enough for World Tour mountain stages, stiff enough for bunch sprints, and comfortable enough for epic group rides.

We've proven ourselves right time and time again – five times, in fact, from the first Gallium right up to today's 15th Anniversary Edition.

But we're not willing to stop there – our racing pedigree doesn't let us rest easy.
